## BREWING COFFEE NOW

- After completing the steps in the "Adding Water and Coffee" section and with the carafe and the filter basket securely in place, turn the coffeemaker on.

**For Programmable models:** Press the ON Button to begin the brewing cycle. The green indicator light will turn on to signal that the coffeemaker is brewing. Thermal units will shut off immediately after the brewing cycle is complete.

While the coffee is brewing, the Pause 'n Serve feature allows you to sneak a cup of coffee from the carafe. **REPLACE THE CARAFE WITHIN 30 SECONDS TO PREVENT OVERFLOW AND POSSIBLE INJURY.**

To turn the coffeemaker off, push the OFF button.

- ! If the brew basket overflows or fails to empty into the carafe, do not open the brew basket. Turn off the coffeemaker, unplug the coffeemaker and wait for the contents to cool before handling.**

- After the used coffee grounds have cooled, carefully open the filter basket and discard them.
- Make sure the carafe is empty before starting to brew coffee.

## BREWING COFFEE LATER

To Set the Clock:

- You must first set the time when you would like the coffeemaker to begin brewing your coffee as described in "Setting the Clock and the Delay Brew Timer" section.
- Prepare your coffeemaker as described in "Adding Water and Ground Coffee" section.
- To activate DELAY BREW and program your coffeemaker to brew coffee at a later time, press the Delay Brew button. The DELAY indicator light will illuminate. The coffeemaker is now set to automatically brew coffee at the pre-set later time.
- At the pre-set time the Green indicator light will turn on and the DELAY light will turn off, indicating the brewing has started.
- Thermal units will shut off immediately after the brewing cycle is complete.

As a safety feature, **your coffeemaker will NOT start again automatically the next day, if you want your coffee to brew at the same time the following day, simply add a new filter, coffee and water and set DELAY BREW**, by repeating Steps 2 and 3 above.

**To cancel DELAY BREW:** Press the OFF button. The DELAY BREW green indicator light will turn off.

## CLEANING AND MAINTAINING YOUR COFFEEMAKER

### Daily Cleaning

Always unplug the coffeemaker and allow to cool before cleaning. Remove the filter basket, carafe and carafe lid and wash them in a solution of hot water and mild liquid soap.

Never use abrasive cleaners, steel wool pads or other abrasive materials.

- ! CAUTION!** Never immerse the coffeemaker itself in water, in any other liquid or place in the dishwasher.

### Regular Cleaning and Maintenance

Decalcifying your SUNBEAM® Coffeemaker Minerals (calcium) found in water will leave deposits in your coffeemaker and will affect it. It's recommended that you regularly remove these deposits by using vinegar.

- Pour 4 cups or 20 fl. oz. of undiluted, white household vinegar into the water reservoir.
- Place an empty 8 cup basket-style paper filter into the filter basket and close coffeemaker lid.
- Place the empty carafe back in the unit.
- Brew three cups of cleaning solution through the coffeemaker.
- Turn the coffeemaker off and let stand for 30 minutes.
- Run the remainder of the cleaning solution through the coffeemaker.
- Discard the cleaning solution and rinse the carafe thoroughly with clean water.
- Fill the water reservoir with clean, fresh water.
- Place the empty carafe back on the coffeemaker.
- Remove and discard the paper filter used during the cleaning cycle.
- Begin brewing and allow the full brew cycle to complete.
- Repeat Steps 8 through 11 one more time.

Your coffeemaker is now clean and ready to brew the next pot of delicious, hot coffee!

### Suggested Decalcifying Interval

Type of Water	Cleaning Frequency
Soft Water	Every 80 Brew Cycles
Hard Water	Every 40 Brew Cycles

### Cleaning the Carafe

Hard water can leave a whitish stain on the decanter, and coffee may then turn this stain brown. To remove carafe stains:

- Fill the carafe with a solution of equal parts water and vinegar and let the solution stand in the carafe for approximately 20 minutes.
  - Discard the solution, then wash and rinse the carafe.
- Do not use harsh abrasive cleaners that may scratch the carafe, scratches may cause the decanter to break.

**NOTE:** Do not place Thermal carafe in the dishwasher.

## TROUBLESHOOTING YOUR COFFEEMAKER

Your SUNBEAM® Coffeemaker has been carefully designed to give you many years of trouble-free service. In the unlikely event that your new coffeemaker does not operate satisfactorily, please review the following potential problems and try the steps recommended BEFORE you call an Authorized JCS Service Center.

PROBLEM	POSSIBLE CAUSE	SOLUTION
THE ON LIGHT DOES NOT LIGHT UP	The appliance is unplugged.	PLUG UNIT IN.
	There's a power outage.	WAIT FOR POWER TO BE RESTORED.
THE COFFEE IS NOT BREWING	The appliance is unplugged.	PLUG UNIT IN.
	There's a power outage.	WAIT FOR POWER TO BE RESTORED.
	The water reservoir is empty.	CHECK THE WATER WINDOWS.
THE COFFEEMAKER ONLY BREWS WATER	The filter basket is not properly inserted.	INSERT FILTER BASKET CORRECTLY.
	The carafe is not placed all the way in on the base.	PLACE CARAFE CORRECTLY ON BASE.
THE COFFEEMAKER BREWS SLOWLY	There are no coffee grounds in the filter basket.	ADD THE DESIRED AMOUNT OF COFFEE.
	The coffeemaker needs cleaning.	CLEAN COFFEEMAKER AS DESCRIBED IN "CLEANING AND MAINTAINING" SECTION.
THE FILTER BASKET OVERFLOWS	The filter basket is not properly inserted.	INSERT FILTER BASKET CORRECTLY.
	The carafe is not placed all the way in on the base.	PLACE CARAFE CORRECTLY ON BASE.
	The carafe lid is not on carafe.	PLACE LID ON THE CARAFE.
	Too many coffee grounds were placed in the filter.	REMOVE FILTER, DISCARD GROUNDS, REPLACE PAPER FILTER, BEGIN BREWING PROCESS AGAIN.
THE COFFEE IS NOT HOT	The carafe was removed from the base for more than 30 seconds.	TURN OFF AND UNPLUG THE UNIT. ALLOW TO COOL. WIPE UP THE SPILL.
	There's a power outage.	WAIT FOR POWER TO BE RESTORED.
THE COFFEE TASTES BAD	Auto SHUT-OFF has been activated.	FOR BEST RESULTS, BREW A FRESH POT OF COFFEE.
	Coffee grounds other than for an automatic drip coffeemaker were used.	USE COFFEE GRIND RECOMMENDED FOR AUTOMATIC DRIP COFFEEMAKERS.
THE GROUNDS ARE IN THE COFFEE	The ground coffee-to-water ratio was unbalanced.	USE CORRECT GROUND COFFEE-TO-WATER RATIO.
	The coffeemaker needs cleaning.	CLEAN COFFEEMAKER AS DESCRIBED IN "CLEANING AND MAINTAINING YOUR COFFEEMAKER" SECTION.
THE GROUND ARE IN THE COFFEE	The filter is not properly seated in the basket.	SEAT FILTER PROPERLY WITHIN THE FILTER BASKET.
	The filter collapsed.	REMOVE FILTER AND REPLACE.

### INTRODUCTION

Welcome and congratulations on the purchase of your new Sunbeam® coffeemaker. Your new coffeemaker will wake up with you in the morning and provide you breaks and treats during your hectic daily activities. How you enjoy your Sunbeam® coffeemaker is up to you!

## COFFEEMAKER FEATURES AND BENEFITS

Your new SUNBEAM® coffeemaker has the following features:

- Brewing Capacity** – 8 cups – Thermal carafe series
- Brew Basket with Removable Filter Basket** – Lifts out for fast and easy cleaning and filling.
- Pause 'n Serve** – Can't wait for the coffee to finish brewing? The Pause 'n Serve feature allows you up to 30 seconds to pour a cup of coffee while the coffeemaker is still brewing. Carefully remove the decanter and the Pause 'n Serve feature will be automatically activated, temporarily stopping the flow of coffee into the decanter.
- Dual Water Windows** – Show amount of water in the reservoir for accurate filling.
- Card Storage** – Safely stores excess card to keep your countertop neat.
- On/Off Indicator Light** – Lets you know when your coffeemaker is "on".
- Additional Programmable Control Features:**

- Clock** – The LED clock serves as a handy kitchen clock and allows you to set the Delay Brew feature.
- Delay Brew** – Would you like to wake up to a fresh pot of coffee? The time allows you to preset when you would like the coffeemaker to automatically brew your coffee, up to 24 hours in advance.
- Auto Shut-Off**

**NOTE:** If you have selected any of the operating functions, the coffeemaker will act upon the last operation selected if the power is restored within 10 seconds after a power outage.

## CLEAN YOUR COFFEEMAKER BEFORE USING THE FIRST TIME

Make sure your first cup of coffee is as good as can be by cleaning your SUNBEAM® Coffeemaker before its first use. Just follow these simple steps:

- Wash the carafe, carafe lid and the filter basket in a mixture of mild detergent and water. Rinse each thoroughly (please refer to the parts diagram listed above).
- Replace all the parts and close the lid. Then, run a brew cycle with water only, without adding coffee and coffee filter.
- When brewing is complete, turn your coffeemaker off, discard the water in the carafe and rinse the carafe, carafe lid, and filter basket.

Your coffeemaker is now ready to use. Enjoy it!

## SETTING THE CLOCK AND DELAY BREW TIME

For Programmable Models Only

### To Set the Clock:

- Plug the power cord into a standard electrical outlet. The clock will flash on the control panel to indicate that the time has not been set yet.
- Press and hold the HOUR and MINUTE buttons until you reach the current time. The PM indicator will light on the left of the display. The clock is now set!

**NOTE:** Pressing any button before setting the clock will cause the clock to start keeping time from 12:00 a.m. You must set the clock if you want to use the Delay Brew feature.

## WARRANTY INFORMATION

### 1-YEAR LIMITED WARRANTY

Sunbeam Products, Inc., doing business as Jarden Consumer Solutions, or if in Canada, Sunbeam Corporation (Canada) Limited, doing business as Jarden Consumer Solutions, (collectively "JCS") warrants that for a period of one year from the date of purchase, this product will be free from defects in material and workmanship. JCS, at its option, will repair or replace this product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or remanufactured product or component. If the product is no longer available, replacement may be made with a similar product of equal or greater value. This is your exclusive warranty from JCS.

This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. Keep the original sales receipt. Proof of purchase is required to obtain warranty performance. JCS dealers, service centers, or retail stores selling JCS products do not have the right to alter, modify or in any way change the terms and conditions of this warranty.

This warranty does not cover normal wear of parts or damage resulting from any of the following: negligent use or misuse of the product, use an improper voltage or current, use contrary to the operating instructions, disassembly, repair or alteration by anyone other than JCS or an authorized JCS service center. Further, the warranty does not cover: Acts of God, such as fire, flood, hurricanes and tornadoes.

### What are the Limits on JCS's Liability?

JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition.

Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty.

JCS disclaims all other warranties, or conditions or representations, express, implied, statutory or otherwise.

JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party.

Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

### How to Obtain Warranty Service

#### In the U.S.A.

If you have any question regarding this warranty or would like to obtain warranty service, please call 1-800-672-6333 and a convenient service center address will be provided to you.

#### In Canada

If you have any question regarding this warranty or would like to obtain warranty service, please call 1-800-667-8623 and a convenient service center address will be provided to you.

In the U.S.A., this warranty is offered by Sunbeam Products, Inc., doing business as Jarden Consumer Solutions, located in Boca Raton, Florida 33431. In Canada, this warranty is offered by Sunbeam Corporation (Canada) Limited, doing business as Jarden Consumer Solutions, located at 20 Hareford, Brampton, Ontario L6Y 0M1.

**PLEASE DO NOT RETURN THIS PRODUCT TO ANY OF THESE ADDRESSES OR TO THE PLACE OF PURCHASE**

## IMPORTANT SAFEGUARDS

To reduce the risk of fire, electric shock and/or injury to persons, basic safety precautions should always be followed when using electrical appliances, including the following:

- READ ALL INSTRUCTIONS BEFORE USING THE COFFEEMAKER.
- Do not touch the coffeemaker's hot surfaces. Use handles or knobs and do not open the lid or cover while brewing. Scalding may occur if the lid is removed during brewing cycles.
- To protect against electric shock, do not immerse the power cord, power plug or coffeemaker in water or in any other liquid.
- Close adult supervision is necessary when this appliance is used by or near children.
- Turn the coffeemaker OFF and unplug the power cord from the power source when the coffeemaker and clock are not in use and before cleaning. Allow the coffeemaker parts to cool before putting on or taking off parts and before cleaning the appliance.
- Do not operate any appliance with a damaged power cord or power plug, or operate it after the appliance malfunctions, or has been damaged in any manner. Return this appliance only to the nearest Authorized Service Center for examination, repair or adjustment.
- The use of accessory attachments other than SUNBEAM® brand products may cause hazards or injuries.
- Do not use the coffeemaker outdoors.
- Do not let the power cord hang over edge of table or counter, or allow it to come into contact with hot surfaces.
- Do not place this coffeemaker on or near a hot gas stove or electric burner or in a heated oven.
- To disconnect the coffeemaker, turn it OFF, then remove the power plug from the power supply.
- Place the appliance on a hard, flat level surface to avoid interruption of airflow underneath the coffeemaker.
- Avoid contact with any moving parts.
- This coffeemaker is designed for household use only.
- Do not use appliance for other than intended use.
